

MPS/Northern Division of GBSSA

Ice Hockey (Boys & Girls) Playing Regulations

1. Dates and Schedules:

- a) All teams shall be involved in a home and away round-robin league schedule. The league schedule is expected to be completed two days prior to the MPS semi-final Championship date.
- b) MPS championships should be held at least 3 days prior to the GBSSA Championship.

2. Championship Location and Convenor:

Convenors will be established at the MPS annual general meeting. The convenor will set the location for the MPS Championships.

3. Classifications:

Ice hockey will be offered at the “open” level.

4. Tournament Structure and Procedure:

After league play, tournament structure for championships will be based on number of teams in the league. In years where there are three teams in the league the top two teams will play in the championship game. In years where there are more than three teams in the league the second place team will play the third place team, with the winner playing the first place team for the championship.

5. Tie Breaking Procedures:

If 2 or more teams are tied, the tie breaking criteria is applied one after the other until the tie is broken.

- a) The team with the best ratio of won/lost games, considering games between the tied teams only, will be ranked higher.
- b) Record against the next lowest placed team.
- c) Ties that determine final play-off berths must be decided by a play-in game on the tiebreaker day, as indicated on the schedule. The location of this game will be determined by a coin toss and all costs will be split evenly.
- d) Ties that determine 1st and 2nd place will be decided by a coin toss after (a & b) are used.

If 3 or more teams are tied, the above criteria will be applied, one after the other until all the teams are ranked. Thus, if there is a tie among teams X, Y & Z and criteria “b” is able to determine that team X is first, Y is second and Z is third, then no further criteria are to be used. The tie is broken. However, if criteria “b” only determines team X as first and there is still a tie with team Y & Z, then the ranking of the remaining teams will be determined by continuing on with criteria “c” and so on. The criteria should NOT start “a” again for teams Y and Z – the criteria should continue in sequence.

Following the player shoot out a sudden victory shoot out will determine the victor.
